Jamie Gibbs and Associates Designs Window Display for The Lampworks, Inc.

One of 30 displays to promote the IDEA 2006 Benefit

New York, New York: March 25, 2006: Finished this week, a new storefront window display has been unveiled for The Lampworks, Inc., 231 East 58th Street, NYC designed by Jamie Gibbs and Associates. The classical room vignette will be on display through April 29th, 2006.

The vignette, titled "A Glimpse of Montclair" incorporates elements of the design for the gallery hall designed by Jamie Gibbs and Associates for the 2006 Anniversary Show House in Montclair, NJ (April 29- May 30, 2006.) The window display is one of 30 that are also advertising both the 2006 IDEA benefit for Lighthouse International and the fact that the Eastside interior design district has become a designated "Bid" by the City of New York.

The Window display features many lighting fixtures available through The Lampworks including a copy of the custom designed sconces and chandeliers that will be featured in the Montclair show house. It also includes fabrics from Mr. Gibbs collection of silks for Plumridge Silks and his Vintage Trim Collection for D'Kei, Inc. Antique furniture has been graciously lent by Agostino Antiques, located in the design district bid at 979 Third Avenue. And plush carpeting from Saxony, also located at 979 Third Avenue within the Bid.

Visible from the street, the window display is available to inspect 24/7. Normal store hours for The Lampworks are 10-6 Monday through Friday. During the IDEA 2006 promotion, there will also be a benefit cocktail reception on April 5th at the Blumberg Headquarters and an open house at all the participating storefront business on April 6th from 6 to 8 PM. April 7-9 the to-the-trade show rooms displaying vignettes will also be open to the public from 10-6 PM.

Maps for a walking tour and other information about IDEA 2006 can be obtained by contacting Suzanne Sokolov at Sokolov Marketing, the management team for the events: Suzanne@sokolovmarketing.com.
